## Message from the Director

Prof. G.R.C. Reddy, Director, NITC  
7<sup>th</sup> August, 2008

*I am glad to note that the Alumni association of NIT/REC Calicut is bringing out its latest newsletter. In this, the association has taken all efforts to bring to you reports of the recent developments and activities in the institution.*

*I am happy and proud to let you know of the multitude of innovative ventures that are ongoing. These include construction of various state-of-the-art buildings and infrastructure, focused on achieving academic excellence in all respects, introduction of a number of new academic programmes, and an excellent effort on placement and entrepreneurship development, among so many others. Our students are being rated very high in the national and international academic scenario and in various job sectors. I am sure that the alumni, being part of the institution as much as any one inside the campus would keep these developments and pursuits for quality close to their heart and take pride of it.*

*I wish this newsletter all success.*

G. R. C. Reddy

## From the President

Dear alumni friends,

*After the global get together we had in December 2006 at NITC, I am sorry that we hardly had any official communication. We are coming to you with a news letter after two years. I hope all of you will forgive us for the delay caused due to the hectic academic and non academic schedules we have now in the ever vibrant campus of your old REC, now the NITC.*

*Let me take this opportunity to inform you that in the year 2011 we are going to have the Golden Jubilee celebration of the alma mater. A suggestion came from many corners is to build and dedicate a very modern high-tech convention center cum guest house to the alma mater in the year 2011 as a sweet symbol of our affection. I request all of you to contribute liberally for the realization of this ambitious project. We are in the process of registering a trust for the above and we will approach each of you once the official formalities are over.*

*The campus and departments are changing every day with new developments in terms of infrastructure, new courses and research projects. Please try to visit the campus as frequently as possible to quench your nostalgia.*

Paul K. Joseph  
President, RECCAA

## From the Secretary

It is high time for the alumni of CREC/NITC to warm up for the Golden Jubilee celebrations of our Institute as it is in the year 2011. I expect all your support and contributions for the same. I am happy to say that many RECCAA members have already done the online registration at the institute website ([www.nitc.ac.in](http://www.nitc.ac.in)). This will help each alumnus to get the present details of his/her batch mates/seniors/juniors. I request all those CREC/NITC alumni who have not done the online registration to do it as early as possible. I take this opportunity to thank all RECCAA members for your support and help in the achievements of our alma mater. The next GBM of RECCAA will be on 23<sup>rd</sup> August, 2008. Kindly attend this.

Wishing you all the best

With love

Dhanaraj K.J.

([secretary.alumni@nitc.ac.in](mailto:secretary.alumni@nitc.ac.in))

## From the Editorial Committee

Dear friends,

It is with great excitement that we bring out this edition of the Alumni news-letter. The institute is going through remarkably important phases of development, after its transformation into an institution of national importance. While taking part in the innovative activities which have made this institute one of the most noticed and visible technological institutions in India, academic life has become ever more hectic for every one on campus. Still, we have always felt it our responsibility to bring news from the campus to the alumni, for whom the institution is so dear, and who are always an essential part of the campus.

We would feel extremely happy if this goal has been achieved with some degree of completeness – that would certainly bring a sense of satisfaction to our minds, at the end of the long struggle we had with time, in bringing this edition out.

We wish you a happy reading time.

C. B. Sobhan

Editorial Committee, Alumni News

## *News from the Departments*

### *Department of Architecture*

Students of the Department actively participated in the annual convention of National Association of Students of Architecture (NASA). Dr. A. K Kasthurba organized a one-day workshop on **“Conservation of monuments in Malabar”** on 3<sup>rd</sup> November, 2007. Dr. Anil Kumar rejoined the Department after completing Ph.D. in IIT Madras. Ms. Shyni K. and Chithra C. joined as lecturers. Ms. Anandavally, Confidential Assistant retired from services on 28.09.2007.

### *Department of Chemical Engineering*

This Department started functioning in 2006 with its first batch of 60 students. The Department presently has four faculty members and a separate building for the department is under construction.

### *Department of Civil Engineering*

In addition to the group of faculty, Dr.K.Sasikumar & Dr. Arun C. joined the Department as Assistant Professors while Ms.Chitra N.R., Ms. Nisha Nandan, Dr.Pramada S.K. and Ms. Reesha K. Bharath has joined as lecturers. Dr. P. Ramakrishnan retired from services on 31.12.2006. Dr.J.Sudhakumar and Dr. N. Ganeshan are on leave for assignment abroad. On superannuation a good number of the faculty of the Department of Civil Engineering were involved in consultancy works and other research projects.

### *Department of Computer Science and Engineering*

The Department helped the Institute to fulfill social commitment by taking a leading role in **“Nadapuram Project”** for familiarizing

IT in schools. The Department organized a Workshop on **“Science Communication through Digital Media”** during 11<sup>th</sup> – 17<sup>th</sup> February, 2008. The Department is also involved in similar project for Chathamangalam Grama Panchayath. Mr. Sreenu Naik B., Mr.T.M. Sreenivasa, Ms. Lijiya A., Ms. Jasine Babu and Mr. Jimmy Jose, joined as lecturers in the Department. Dr. Murali Krishnan rejoined the Department after completing his Ph.D. and Mr.Vinod Pathari is presently on leave for his higher studies in IIT Bombay.

### *Department of Electrical Engineering*

Dr. Susy Thomas organized a National Conference on **“Electrical Systems and Control Technologies”** during 3<sup>rd</sup> - 5<sup>th</sup> May, 2007. Dr.Ashok S. and Ms. Sunitha K. organized an AICTE Staff Development Programme on **“Power Quality – Issues and Solutions”** during 11<sup>th</sup> – 23<sup>rd</sup> June, 2007. Mr. S. Kumar Reddy Naru brought glory to the Department by securing All India 1<sup>st</sup> Rank in GATE 2007. Mr. Subhash K. M., Ms. Mija S.J. Mr. Nevin Jacob, Mr. Jagadanand G., and Mr.T.K. Sunil Kumar joined as lecturers in the Department. Mr. V.T. Bhaskaran, Trade Instructor retired on 31.03.2008.

### *Department of Electronics and Communication Engineering*

The Department is doing various R&D Projects with the funding from Department of IT and Department of Science and Technology, Govt. of India. Dr. P.S. Sathidevi and Smt. Deepthi P.P. organized an AICTE Staff Development Programme on **“Cryptography and Embedded Systems”** during 11<sup>th</sup> – 23<sup>rd</sup> June, 2007. Dr. S.Ramkumar joined as Assistant Professor and Mr. V. Sakthivel, Mr. B. Bhuvan, Mr. Deepak R. and Mr. Raghu joined as Lecturers in the Department. Ms. Sunumani K.

resigned from the post of lecturer. The Department started its third M. Tech Programme in Micro Electronics and VLSI Design (ECC).

### Department of Mathematics

Mathematics Department Started the M Sc. Tech Programme in August 2006. The Department has been organizing a series of lectures in various fields of mathematics by experts from various organizations. Dr. Satyananda Panda joined as Lecturer in the Mathematics Department.

### Department of Mechanical Engineering

Dr. R. Sridharan & Dr. V. Madhusudanan Pillai organized conference on **“Modelling and Analysis World-Class Manufacturing Systems”** during 12<sup>th</sup> to 16<sup>th</sup> March, 2007. Dr.R. Sridharan & Dr. V. Madhusudanan Pillai organized conference on **“Design and Analysis of Lean Production Systems”** during March 26<sup>th</sup> – April 06<sup>th</sup>, 2007. Dr.C.Muraleedharan and Dr. S. Jayaraj organized National Conference on **“Energy, Economy and Environment”** during 31<sup>st</sup> January – 1<sup>st</sup> February, 2008. Mr. P.V. Manu, Mr. K. Ratnakumar, Mr. B. Rohinikumar, Mr. K. Sekhar and Mr. M. Srinivas, joined as Lecturers in the Department. Dr. Sibi Chacko left the institute on voluntary retirement in August 2007.

### Department of Physical Education

#### One-Credit Course in Physical Education:

The Compulsory 1-Credit Course in Physical Education has become a big hit on the campus and students are found rushing to Physical Education Department for the credit during as early as in their 2nd semester. The course consisted of compulsory one-month long pursuance of choice-activity under

professional guidance, to learn, practice and master it.

Farewell to the outgoing graduates – 2007-08 -  
Announcing Sports Convocation

#### OT Programme:

A unique programme that exists only in NIT Calicut figuring in the NITC time table for the first year students. This is a 3-months class room contact programme where physical education teachers introduce the freshers the campus sports environment preparing them for the four/five years course, providing extra stress to healthy well being and inculcation of fitness awareness. The programme culminates in the play fields where outstanding sports talents are spotted for future use by the institute.

Sports Convocation of 2008 batch – Presenting  
memento to the Chief Guest – NIT Surathkal  
Director

#### Sports Convocation:

The year 2007-'08 was special for the outgoing sports men and women as they were honoured with certificates and mementos by Prof. S. Sancheti, Director, NITK, Surathkal

who was the Chief Guest at the farewell function on 09.04.2008.

### Department of Science and Humanities

Department of Science and Humanities conducted a seminar on **“Non-linear Optics”** in January 2008. Dr. Predeep joined as Professor and Head of the Department, Dr. Sandhyarani and Dr. Raghu Chathanathi joined as Assistant Professors and Mr. Sujith and Mr. Sony Varghese joined as lecturers. The Department is visited by many distinguished guest speakers from different universities, Jim Guthrie of Leeds University UK to mention some of them. The Department had arrived at collaboration with some Universities abroad in different projects, collaboration with UKIERI British council being the most prestigious one. Mr. K.K. Pylo, who was serving as the lab assistant retired from services.

### Department of Training & Placement

The Department of Training & Placement has done an excellent job in getting job for the 2008 batch.

The highlight of this year placement is that 25 students got 10 lakhs annual salary job. A new record in placement was set in the history of REC/NIT with 25 students obtaining a salary package of rupees 10 lakhs per annum.

The top recruiters in the current year are (salary and the number of students got placed) **ONGC** (10L, 25nos), **Yahoo** (9.3L, 4nos), **Microsoft** (9L, 6nos), **IOCL** (9.6L, 9nos), **HPCL** (9.6L, 13nos), **BP** (9.6L, 6nos), **Goldman Sachs** (7L, 6nos), **Intel** (7L, 4nos), **Schlumberger** (6.4L, 3nos), **Texas Instruments** (6.9L, 5nos), **Analog Devices** (6.5L, 5nos), **Nortel** (6L, 8nos), **Oracle** (6L, 15nos).

### Placements in different streams

M. Tech	80%
MCA	100%
<b>B. Tech</b>	
Civil	100%
Computer Science	100%
Electrical	100%
Electronics & Communication	100%
Mechanical	100%

### Technology Business Incubator (TBI)

National Institute of Technology, Calicut is one of the educational Institutions which gave sufficient importance to entrepreneurship right from early eighties. In 1988 it established an Entrepreneurship Development Cell in order to introduce the idea of entrepreneurship to the minds of students.

Department of Science & Technology (DST), Government of India sanctioned a Technology Business Incubator (TBI) for NITC in the year 2003. NITC earmarked a building with 450 sq metres area for TBI which is now renovated with state of the art communication and computer network. The faculties are rented to incubatees at concessional rate. The incubatees are free to avail the technical support of faculty, institute library & laboratories based on the norms laid down by institute.

The TBI as and when required arrange training and consultancy assistance to the incubatees based on their requirement. TBI also networked with other institutions like IIMK, DOEACC, TiE – Kerala, other TBIs etc. so that the incubatees can contact them as and when required.

NITC – TBI also provide seed capital assistance. DST has sanctioned a seed capital assistance of Rs. 45 lakhs, which is distributed among the incubatees as soft loan. At present there are 11 incubate, units have already graduated. The interested alumni can contact Ms. Preethi. M (Ph: 0495-2286605) for details.

## TATHVA '07

The Seventh in the series of Technical Festivals, **Tathva'07** was held during September 27<sup>th</sup>-30<sup>th</sup>, 2007. **Dr. R. V. G. Menon**, academician and former president of the Kerala Sastra Sahitya Parishad (KSSP), inaugurated this three-day annual technical festival. Inaugurating the festival, Mr. Menon exhorted the engineering students to be 'social engineers' too. ***“Engineering graduates should frequently ask themselves questions like for whom are we producing and for what purpose our expertise is being put to. Our aim is to create a humane and just society,”*** he said.

**Dr. R.V.G. Menon, academician and former president of the KSSP inaugurated the Tathva'07**

Unlike previous occasions, this time, the technical and management activities were combined and held as Techno-management festival event.

Lectures by Ar. Mahesh and Paul Varghese, Extra Mural lecture by Prof. K. M. Mathews of IITM on conservation of heritage

Monuments; Management Workshop by Dr. Vinod Dumblekar, Delhi; series of competitions to test the business aptitude – ranging from creating their own business plans to case study analysis; a virtual simulated system where one could learn to buy and sell stock with virtual money they have and win coveted prizes; hands on design works through a series of energy conservations; in depth analysis of aerodynamic design of glider; electronic versions of simple circuits made complicated; debugging; obstacle detection and evasion; mind opening games; various issues in the image processing field like pattern recognition, color identification, and a lot more were the attractions of this year's Tathva. DRDO and VSSC held exhibitions during the event. Funding through sponsors and stalls; prize money to the tune of Rs.4.5 lakhs was paid to the winners. Video conferencing by Richard Stallman was an added attraction. The preliminaries in Nexus- a contest in robotics organized by IIT Bombay were also held during the festival. With the participation of more than thirty institutions, five hundred participants with paper presentations and quizzes sessions, Tathva '07 was one which was well organized, systematically monitored and with a lot of effort put in.

Dr. N. Ramachandran, Ms. Lyla B. Das-  
Conveners

# Ragam '08

Taking the annual dose of addiction one step further, the 2008 edition of Ragam was a feast to the senses with four nights of fun, frenzy and entertainment. Spread over the five genres: Dance and Dramatics, Literary, Fine arts, Musical and General the fest was truly a canvas for the participants to showcase their finesse and thus the theme '**My Muse, My Canvas**'. The four days 26 to 29 of March saw more than 2000 participants representing all the major colleges in the state competing against each other to carve out their place as the best.

Writer and Actor Sri. V.K. Sreeraman inaugurated RAGAM '08

The fest was inaugurated by the veteran film actor **V.K. Sreeraman** in a graceful ceremony in the OAT which was decorated by a hand made drape reflecting the theme. It was followed by the inaugural performance by '**The Raghu Dixit Project**' an Indian rock band. The first event of Ragam 08, antakshari saw jam-packed aryabhata as participants showcased their expertise in Malayalam songs. The other major events of day 1 were the prelims of Western Orchestra held in the special stage and Dumb C. The first night of the 2008 edition was enlivened by the colours and grandeur of the Choreo Nite in the OAT. As the competing teams mixed classical with western in performances of grace and perfection, it was a real feast to the senses. The victorious team was from Trissur Medical College who made it twice in a row.

Lighting the Lamp: From the inaugural function of RAGAM '08

Day 2 started with the finals of the Western Orchestra and Malayalam Jam. Malayalam Jam which is a traditional crowd puller was no exception this time also with participants jesting their way to the top in their one minute of fame. The events in the informals stage were also in the full swing on the second day. The pick of the day were Solo Dance and Duplicate which were held back to back in aryabhata. The hall was jam-packed to every inch for the whole afternoon. But all these proved to be a prelude as the curtains were raised to the biggest event of Ragam: Pro Show by **Karthik**. The young

singer rendered popular hits in five languages with the Guitarist Bennet Rolland. With Karthik at the edge of the ramp singing with the audience with every number improvised for the stage, it was two hours of awesome partying.

English Jam and Movie Spoof had the stages filled to the brim while Eastern Orchestra appealed to the esoteric ones. English Jam although it spanned right from the morning to six in the evening, the audience were glued to their seats throughout as the participants tested their wits and humour with each other and an even better moderator. Street play had participants raising boiling social issues to the forefront. The event saw our college team winning by a clear margin. The night events started with rock show by 'Whitenoiz', Bangalore based white metal band. The concluding event of the fest, the fashion show was rightly christened 'Crème de la Crème' as each team showcased their best. While our college won the event, the costumes of Rajagiri Institute of Technology which were made solely from rags like paper plates, plastic bags etc were impressive.

It was NITC itself which came first in the total points tally. But the rolling trophy for the 'Best Outstation College' went to Trissur Medical College which came second and gave a praiseworthy show both on and off the stage. The fest concluded with the awarding of the trophy to the team captain of the victorious college by the Director and Staff in Charge and vote of thanks by the Programme Committee head and a promise. **A promise that is made in the heart of every NITian as the curtain slowly falls on this fest every year; a promise to come back again with a bigger and better Ragam next year.**

## Golden Jubilee

**NITC** will be celebrating its Golden Jubilee in 2011. Based on the suggestions that came up, the general body has decided to have a noble contribution in the form of convention center cum Alumni Guest House.

In addition to providing accommodation to alumni visiting the campus for various purposes, the centre will provide the institute a state of the art facility for conducting activities like international conferences, convocation, etc.

The registration of the Golden Jubilee Trust is under process in the office of the Registrar of Societies. Collection of fund from alumni members for this modest venture will commence as soon as this process is over.

Time and statistics of many world class institutes and universities have indicated that strength of alumni is foremost for raising an institute to its highest limits. We are expected to have a total alumni strength of 20,000 by year 2011.

The guest house cum convention centre can be made a reality if each alumni member contributes an average of Rs.5,000/- generously that amounts to 10 crore rupees. Rising to the need of the hour to make our dream possible, I am sure we alumni will stand together for this noble cause. Please feel free to contact us.

Dr. Paul K. Joseph

\*\*\*\*\*

## **RECCAA-General Body Meeting**

The General Body Meeting (GBM) held on 23-12-2006 from 4.30 p.m. to 5.30 p.m., amendments were made in the bye-law of the Alumni Association (RECCAA).

1. The president should be an alumnus of Calicut Regional Engineering College

(CREC)/National Institute of Technology Calicut (NITC).

2. The Director of the Institute (Ex-officio) will be the patron.
3. The Secretary and Treasurer should be alumni of CREC/NITC working in NITC.

{As per the previous bye-law

1. The principal of the College shall be the president (Ex-officio) of the Association.
2. The Secretary shall be an alumnus working in the college.}

It was decided to change the name of the Association from RECCAA to NITCAA (RECCAA).

**RECCAA - Regional Engineering College Calicut Alumni Association**

**NITCAA - National Institute of Technology Calicut Alumni Association**

All the above mentioned changes are approved by the GBM. Associated changes in the bye-law are carried out with the aid of Registrar of Societies, Calicut.

---

### Golden Jubilee celebrations

Discussion was held on the activities Association regarding the Golden Jubilee celebrations in 2011. During the deliberation it was suggested to develop a state of the art convention center cum guest house (**GOLDEN JUBILEE MEMORIAL ALUMNI CONVENTION CENTER AND GUEST HOUSE**) which would cater the future academic needs of the institute keeping pace with the growth and expansion of the institution.

GBM decided to properly plan the strategies on fund raising and related matters regarding Golden Jubilee celebration by next annual meeting.
